

UX DESIGNER

# Hello, I'm Abby Trinca

Inspired by the joy of helping others, I aim to discover the origin behind any problem. I use my diverse background in workforce management and dance to synthesize data so that I can choreograph a visual experience. As a UX Designer, I value my ability to empathize with users, perform diligent research and allow space for creativity.

## Experience

2023 - 2024

### UX DESIGN FELLOW

*General Assembly, Remote*

Collaborated with a team of 4 to deliver a course creation feature for the Dance teaching app Qoria. Conducted user research, ideated solutions and prototyped wireframes to provide an exceptional user experience while achieving the business need.

2021 - 2023

### WORKFORCE MANAGER

*Vivint, Provo, Utah*

Managed metrics for forecasting models, forecasted staffing needs, and synthesized data from analytical reports to secure optimal workforce function. Ensured Retention success by Collaborating with Instructional Designers, Sales Management, Recruiters, and Data Analyst's.
